

I am an avid listener of KLOVE Radio. My whole family listens to Klove and it is a great opportunity for my family to be able to hear positive and uplifting music and words from a radio station. This world is full of filth...on the TV, radio, internet...this is one place where I can always find good family things to listen to. The local church I go to has probably a good majority of people in our community that listen to KLOVE. I can't imagine what my kids would be like if the only choice they had as far as their music is concerned was some of this filth that is flooding our commercial airways now. PLEASE don't take this right away from our families...from me as a parent. It is hard enough to raise good kids with high morals and we need all the help we can get! Thank you for your time and we appreciate you giving this issue some major thought. Cheri Rainer--Texarkana, Texas
